## ACCREDITATIONS

Batnana University holds international accreditation from the Accreditation Service for International Schools, Colleges and Universities (ASIC) with Premier status, reflecting excellence across its institutional operations. ASIC accreditation supports students and families in making informed educational choices and demonstrates to the global academic community that an institution meets high standards of quality. ASIC is recognized by UK Visas and Immigration (UKVI) in the United Kingdom and is a full member of the International Network for Quality Assurance Agencies in Higher Education (INQAAHE). In addition, ASIC is affiliated with the British Quality Foundation (BQF) and holds institutional membership in the European Distance and E-Learning Network (EDEN).

**Ministry of Higher Education and Scientific Research (MESRS)**  
Batnana University is registered with the Ministry of Higher Education and Scientific Research (MESRS) of the Republic of Benin. MESRS is the government authority responsible for higher education policy, oversight of public universities, and the accreditation of specific academic programs within private institutions. Registration with MESRS confirms institutional compliance with national regulatory requirements. Batnana University remains committed to maintaining academic quality and alignment with the standards established by MESRS.

Batnana University is registered with the Council for Higher Education Accreditation (CHEA) and is listed in CHEA's public database of higher education institutions. CHEA is a nonprofit organization that promotes quality assurance and transparency in higher education in the United States and internationally. Batnana University is also registered with the Ministry of Higher Education and Scientific Research (MESRS) of the Republic of Benin, the government body responsible for higher education oversight and program accreditation. These registrations reflect Batnana University's commitment to regulatory compliance, academic quality, and continuous institutional development.

## Research Laboratories & Research Centers

- Artificial Intelligence Laboratories
- Computer Architecture and System Technologies Research Lab
- Cloud Computing Research Group Laboratories
- Embedded and Microelectronic Systems Laboratory
- Robotics Laboratories
- Quantum Optics Group Laboratories
- Software Research laboratory
- Virtual Reality (VR) Laboratory
- Building Materials and Physics Laboratory
- Architectural Design Research Laboratory
- Technology Transfer office
- Startup Factory
- Center For Entrepreneurship
- Applied Research Center of Technology Products
- Center for Computational Finance
